Found mobo offers G35 ICH9R New mobo Gigabyte GA-EP45-UD3G has P45 ICH10R I got been presuming that I would have got to perform a complete fresh install, but it simply occurred to me to consult if I could get aside with a Fix, and would it inquire me for the floppy disc with the brand-new drivers as the complete install does? (I perform/will not really make use of RAID) tiá!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!.
